Statement of Wholesale Water Charges & Charges Scheme

2018 – 2019

South Staffs Water Wholesale Charges Scheme

As a result of the changes made in the 2014 Water Act, business customers are able to switch their supplier and incumbent water companies have a requirement to publish their wholesale charges.

Wholesale charges are the charges that new retailers will have to pay wholesalers for the provision of wholesale water services and so the tariffs set out in this document exclude the retail costs of providing water to the end customer.

This charges scheme sets out our wholesale charges to provide water to a retailer. All charges are effective from 1 April 2018 to 31 March 2019, unless otherwise stated.

Retailers should read these charges in conjunction with the terms set out in their wholesale contract for wholesale services.

This document also sets out the wholesale charges for customers on special agreements who are eligible to switch to a retailer. If any interested party wishes to discuss these agreements then please e-mail wholesaleservices@south-staffs-water.co.uk

Alongside this document, the Company has published a list of non-primary charges that would be payable by a water supply or sewerage licensee. This is available on our website at the link below:
