# WaterSure

## Application Form

WaterSure can help you if you have a low-income and your water is supplied by a meter. We can put a limit on your charges for water and sewerage services, as long as you meet the conditions set out below. Our billing year runs from April to March. If you apply for the WaterSure tariff part way through the year, and are eligible for it, we will pro rata the bill for the remainder of the year.

To be eligible you must meet the following conditions:

1. Your water supply must be metered
2. The property must be your only home or your principal one
3. Where the property is used for other purpose(s) as well as for your home, the other purpose(s) must not be the principal use of the premises
4. If you water the garden, all watering equipment must be hand held i.e. no use of sprinklers
5. If you have a swimming pool or pond with a capacity of over 10,000 litres, that is automatically re-filled, it must not be in use.
6. The person who pays the water bill, or someone else in your household, receives benefit (please see list of which benefits qualify) or tax credit; and
7. There are:
  - a) three or more children under the age of 19 living in the household for whom the person receiving the above benefit also claims Child Benefit; and/or
  - b) you, or someone living in your household, has a medical condition that means you/they use a lot of extra water.

This year, the reduced charges for the scheme are:

**£160.79 for water and £189.60 for sewerage charges  
for the period 1 April 2021 to 31 March 2023.**

If your current charges are more than this, you may be entitled to pay the reduced charge. Once on the scheme, if your actual metered bill is lower than the reduced charge, we will only charge you the lower amount.
