WATER EFFICIENCY INCENTIVE

We want to encourage developers to consider options and innovation in the management of the environment and water usage. To achieve this, we are offering a discount against our water infrastructure charges if you build your property to achieve a usage of 100 litres per person per day.

Are you building water efficient homes which will achieve 100 litres per person per day? Yes No

How many water efficiency homes will you be building? _____

Tick the box to confirm you have provided a plan to show which homes will be built to the water efficiency target:

Please confirm what evidence you are/will be submitting with your application to confirm that the homes will be built to 100 litres per person per day (e.g. Home Quality Mark (HQM) / BREEAM certification, outputs from the water calculator, another appropriate accreditation): _____

When we receive evidence that homes will be built to achieve 100 litres per property per day, we will cater for this discount within the quote we provide to you. For the current rate of discount, please refer to our Developer Services Charging Arrangement document which is available on our website.
